Thank you for hosting the internship for the College of Computer Studies. You have provided valuable experience that enhances the student's academic course of study. In our ongoing effort to improve the internship program for the cooperating businesses and our students, we have developed brief questionnaire as follows. Thank you again for your help in improving our internship program and for hosting an on-site experience this semester.

### Comments:

Please feel free to make any comments desired. The value would be the areas in which the trainee was well prepared and areas in which more preparation would be beneficial. Also, what changes would you recommend for the internship program?
